SEVENTH-DAY ADVENTISTS HOLD- ING BIG CAMP MEETING IN LOS ANGELES

Seventh-Day Adventists of the Southern California Conference opened their annual business session and camp meeting in the tent city at Western and Melrose avenues, at the end of the Western Avenue car line, Hollywood, last Monday night.

Ten acres are laid out in tents at the camp site. Three hundred and twenty family tents are now up, and more will be needed, as all those now ready are engaged.

Half a carload of provisions is the capacity of the large cold storage vault built for the use of the cafeteria and grocery store. This holds more than two tons of ice. Mr. C. E. Kimlin of Glendale is manager of the cafeteria.

Business sessions were held at the camp for the first three days. Thursday evening, August 21, the meetings were thrown open to the public, and will continue with morning, afternoon and evening services for ten days thereafter.

President Hare made several important recommendations, which probably will receive favorable action during the conference. He urged that the Glendale Sanitarium and San Fernando Academy be further developed; that a ten or twelve-grade parochial school be established in Los Angeles, to supplement the teaching of the common branches and of religious subjects now being carried on in the denominational schools.

President Hare mentioned especially the very low death rate from influenza among Seventh-Day Adventists during the epidemic, and attributed it to their knowledge of health principles and the rational treatment of disease.

FIRST NATIONAL BANK NEWS

The First National Bank of Glendale has added to its list of stockholders and active officials two new men, both of whom are bankers of long experience, and who, without doubt, will do their part in satisfactorily conducting the business affairs of the strongest financial institution of the valley.

W. C. Anderson and R. F. Kitterman are the two new officials, coming here from Oregon and Nebraska, respectively, and they will take up some of the duties of our good friends, Ed M. Lee and M. P. Harrison, both of whom are making the change on account of poor health.

W. W. Lee will continue as president, a position which he has filled so long and successfully, and will be active in the management.

SECOND ANNUAL LIVE STOCK EXHIBITION

The premium list of the big Live Stock Show which is to be held in Exposition Park, Los Angeles, October 18 to 26, is now ready for distribution, and from present indications the exhibit will be double that of last year.

The cash premiums will aggregate over \$30,000, of which \$1,000 goes to the poultry department (which includes pigeons and rabbits). Our own Walter M. Ross, of the Red Wing Ranch, has been appointed superintendent of this department, which without doubt will have many entries from this section.

Copies of the premium list may be obtained from the secretary, C. R. Thomas, Chamber of Commerce, Los Angeles.

"ORGANOTHERAPEUTIC REVIEW"

Dr. Harrower's Medical Journal Goes
Ahead by Leaps and Bounds

The Herald's big press and its office force have been busy the past three weeks getting out the August issue of "The Organotherapeutic Review," Dr. Harrower's medical journal, by which physicians all over the United States are kept posted as to the latest developments in the advanced treatment of certain health conditions and diseases as are worked out in the Harrower Laboratories here in Glendale.

This issue of "The Review" is No. 6 of Volume 3 and consists of 50,000 copies, each with 24 pages, and an eight-page supplement and a cover. Some idea of the magnitude of this business may be realized when we state that the postage on this issue alone will cost Dr. Harrower \$500 and that his total August post office payment will be over \$750.

As an illustration of the growth of "The Review," it may be stated that No. 1 of Volume 1 consisted of but 1,500 copies, but each succeeding monthly issue has increased by "leaps and bounds," and that an issue of 150,000 copies is planned for the near future.

"The Review" and Dr. Harrower are now big factors in our community, and Glendale will reap a great benefit by the publicity afforded it, as well as the substantial pay-roll made possible thereby, which distributes over \$1,000 per month right here at home.

Congress "sat down on" the "day-light saving law" in the right manner this week, and if its efforts to down old H. C. of L. will only work out as well, we'll be satisfied.

HERALD OFFICE NOW OPEN SEVEN DAYS IN THE WEEK

This office is now open seven days in the week, and for fear our many patrons and friends will form a wrong opinion from this fact, a word of explanation is in order.

The Herald force now includes members of the Seventh-Day Adventist belief, and as such they observe Saturday as their Sabbath. Hence, in order to make out their week's "six days' labor," they devote the same hours to work on Sunday that the balance of the force did on Saturday. So if you pass the Herald office on Sunday and see work going on as usual, you will understand the reason for it, and that we are not transgressing the Fourth oCmmandment.

One of the very interesting things happening in the world is the indignant boycott of Japanese goods by Chinese people, a form of protest which is evidently giving Japan cause for pretty serious thought. So long as the wisdom of China maintains a peaceful boycott there is, seemingly, little that Japan can do but meditate on the fact that about 75 per cent of her exports go normally to China, and wonder how long China will stick. Meantime the Chinese newspapers counsel the public against any action that can be construed as a departure from this peaceful procedure, and in nearly all the advertisements of Chinese merchants appears the phrase, "We sell no Japanese goods." A peaceful boycott might be called a cautious kind of revolution, and, as once said Confucious, "The cautious seldom err."—Christian Science Monitor.

Last call for the K. P. entertainment and dance Tuesday night. Some show promised. All come and welcome.

PROCEEDINGS OF BOARD OF TRUSTEES

The regular meeting of the Board of Trustees was held August 21, 1919. The Board assembled at 8:10 p. m. Present at roll call: Trustees Henry, Jackson, Shaw and Woodberry. Absent: Trustee Muhleman. In the absence of the chairman, Trustee Woodberry was elected chairman pro tem. The minutes of the regular meeting of August 14, 1919, were read and approved.

Communications

A communication was read from C. L. Thedaker, Glendale agent of the Southern Pacific Railway Co., referring to former correspondence in reference to the bill of the company rendered the City of Glendale, amounting to \$779.97, for removal of the old Tropico tower. Communication requested that the company be informed as to the present status of the bill. No action was taken, it being understood that the City Manager would confer with the company's agent.

A communication was read from the California Library Association, calling attention of the Board of Trustees to an accompany copy of a resolution of salaries adopted by the American Library Association June 27, 1919. On motion of Trustee Shaw, referred to the Library Board.

Applications to Operate Jitneys

The application of A. J. Duval for permission to operate jitney buss, presented at the last regular meeting, was taken up and on motion of Trustee Henry granted.

An application was presented from Carl Teschan for permit to operate a jitney buss, which, having the approval of the City Manager, was, on motion of Trustee Henry, granted.

City Clerk

The City Clerk requested that the Board order a correction of the minutes to be made on pages 313 and 315 of Minute Book 7, the meeting of Aug. 7, 1919, correcting certain demand numbers incorrectly recorded as the result of a clerical error. On motion of Trustee Shaw, it was so ordered.

City Manager

The City Manager presented a statement, accompanied by a check for \$421.83 received in payment of delinquent taxes and assessments levied against lots 6, 7 and 14 of the Max Muir Tract, and on motion of Trustee Jackson the action of the City Manager in accepting this sum in payment of the city's claim on the lots was approved.

The City Manager reported in regard to the protest of Mrs. I. Thompson and others, against the closing of a street running from Palmer Avenue south, between Hill and Adams streets, to the effect that he is unable to find any record showing that any such street has been dedicated, and that the right of way on that line, if any such exists, would rest upon any title that might be acquired by the usage of the public for a period of years.

On motion of Trustee Henry, the request of the petitioners was denied.

On motion of Trustee Shaw, the City Engineer was instructed to investigate and report as to a fence said to have been erected across this alleged roadway on Adams Street, south of Palmer.

Opening of Orange Street

The City Attorney reported having filed action for the opening and widening of Orange Street.

Tax Rate

The ordinance read at the previous regular meeting, fixing the tax rate, was, on motion of Trustee Shaw, adopted as Ordinance No. 358. The new tax rate is \$1.21 on the old town and \$1.23 for the Tropico District.

THE CENSUS IN 1920

Nineteen Twenty will soon be with us, and that brings the regular counting of his big family by our Uncle Sam.

The appointments of "supervisors of census" have been made by the Secretary of Commerce, and Philip F. Dodson of Pasadena will supervise this district, Los Angeles County.

This county at the last census in 1910 had a population of 504,131, and it has probably doubled that figure in the ten years.

VERDUGO WASH FLOOD CONTROL

Surveys are about complete for the flood control work to be done on Verdugo Wash in North Glendale. It is planned to place two rows of two-inch iron piling from Louise Street to Canada Boulevard on each side of the channel. Brush will be packed as tightly as possible between the pilings, and silt deposited by the first rise will make a solid wall to hold the storm waters. From Louise Street west to the San Fernando Road wooden piling will be used instead of iron.

Though under separate management, the work of erecting the P. E. bridge over the wash and two highway bridges for Brand Boulevard will go steadily forward. These bridges will be about 150 feet south of the present ones, the channel being moved that far south. This will do away with the Burbank line trestle, which acts as a dam in flood time. It is hoped to complete the works before the winter floods begin. The flood control work involves an expenditure of \$98,000 and the bridges will cost \$70,000.

"GO TO SEA, YOUNG MAN"

Horace Greely's famous injunction, "Go west, young man, go west," has been revised and given a new interpretation by officials of the recruiting service of the United States Shipping Board, on whose shoulders is falling the burden of manning America's great new merchant marine.

"Go to sea, young man," is the advice the shipping board is giving Californians between 18 and 35 years of age. Hundreds of men are needed now to man Uncle Sam's new cargo carriers. Unless they come forward at once, the operation of bottoms just completed at Pacific ports will be seriously handicapped.

Henry Avila, supervisor of shipping board sea training on the Pacific coast, made an appeal for sea recruits recently at San Francisco. Thousands of vacancies exist for seamen, firemen, stewards, cooks. Avila declares the sea now offers a livelihood attractive enough to suit any young man. The man who goes to sea now is given every opportunity to become a licensed deck or engineer officer within two years.

Men who volunteer for the sea will be assigned to the merchant training ship Iris, which is stationed on the Pacific coast. After training on the Iris regularly assigned to deep water ves-

for six weeks the student mariners are sent at the high rates now paid in the American merchant marine. The men are also paid during the training period.

America's commercial expansion depends in no small measure on the response that greets the shipping board's call for mariners. Ships cannot be operated without men.

The new American merchant marine is for Americans. None but Americans (native born or naturalized) are per-

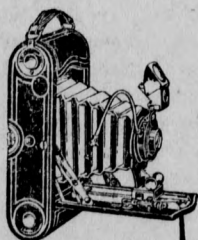

mitted to take the Iris training.

Californians who want to go to sea are asked to make immediate application at Room 323, 369 Pine Street, San Francisco, or apply at any of the drug stores in their communities that have been designated official enrolling agents.

BRANCH LIBRARY NOTES

The last annual report of the Branch Library shows a total disbursement of \$1,210.25 and a receipt of \$60.62 for fines.

The total circulation for the year was 15,315, the number of new borrowers registered 250, the total number of registered borrowers 792, and the average monthly reading room attendance 492.

There were 174 books added during the year, the total number now in the library being 3,181.

The budget for the next year has been approved and the branch has been allowed nearly \$2,000. This is considerably more than it has ever had before, so that more new books and better service in every way can be expected during the coming year.

The librarian has resumed his duties, after an absence of seven weeks attending the Riverside Library Service School.

Mr. Joseph F. Daniels, librarian and head of the school, is a very remarkable man. His wonderful knowledge of books and markets has enabled him to make a splendid collection, including many rare and very valuable books, a wide range of the best reference material and a very complete set of government documents.

These, together with the splendid corps of instructors, afforded every facility for the study of library science and technique.

The people of Riverside extended every courtesy to the students, entertaining them delightfully.

The beautiful Mission Inn, with its great collection of Spanish antiques, Japanese, Chinese and Indian curios and wares, was a constant source of interest and instruction.

CHARLES H. CUSHING,
Branch Librarian.

Mrs. S. Ripley is visiting her daughter, Mrs. H. Reynolds of Burbank, who has been quite ill for several weeks.

Word has been received from Wallace Cramer that he is at the Presidio, near San Francisco, and that means that another of our boys from over there will soon be made welcome by the happy folks at home.

MRS. WM. A. GROTE TAKEN

Mrs. Barbara Grote of 440 West Garfield died quite suddenly Sunday night, August 17, 1919.

Mrs. Grote was a native of Germany and was 70 years old, and while she had been in poor health for some time, her death was quite unexpected.

The family came to this section about two years ago, and had made themselves a model little home where, with flowers, garden and shoe shop, they could spend their declining years.

Funeral services, which are awaiting the arrival of a son from the East, are in charge of the Scovern Company.

Mr. George Tauxe has returned from a short hunting trip.

Mr. and Mrs. Lewis Biddle are spending the week at Balboa.

Mrs. H. Augustus of Los Feliz Road left Thursday evening for a four months' visit with her son and brother in Hutchinson, Kansas.

Gold Once Little Valued.

Rev. Dr. W. E. Griffiths says that it is historically true that in early Japan there were houses roofed with gold. For centuries, he says, gold had little more value in Japan than in South America when Balboa sought the Pacific. Even until 1859 gold was worth only four times as much as silver.

The Guitar.

The guitar is an instrument of six strings, viz. E, A, D, G, B, E. The strings, if sounded together, would not make a chord according to the rules of modern harmony. It is not a difficult instrument to learn and its chief use is in accompanying another instrument or the voice in singing.

Valuable Tree.

A wonderful tree, known as the shea, is beginning to attract commercial attention in western Africa. It supplies the native not only with nuts, which they highly prize, but with a butter that may become an article of commercial importance. It is already exported to Europe, where makers of artificial butter find use for it.

Stinging Criticism.

Said the facetious feller, "These old time school teachers may have had some funny ideas about teachin', but you gotta give 'em credit for knowin' that a good substantial ruler, when rightly applied to a stupid student would make him smart."

Home, Sweet, Home.

Home is the one place in all this world where hearts are sure of each other. It is the place of confidence; it is the place where we tear off that mask of guarded and suspicious coldness which this world forces us to wear in self-defense, and where we pour out the unreserved communications of full and confiding hearts. It is the spot where expressions of tenderness gush out without any sensation of awkwardness and without any dread of ridicule.—Exchange.

WAR SAVINGS SOCIETIES TO HELP FIGHT H. C. L.

Six million members of Government War Savings Societies have been requested by the Treasury Department to aid federal food administrators in the war upon the high cost of living, by helping "to establish and publish fair prices, to discover, check and prosecute cases of profiteering." The appeal was signed by William Mather Lewis, director of the savings division of the Treasury Department.

"The savings division of the Treasury Department," Director Lewis telegraphed to all federal reserve district savings directors, "appeals to the six million members of the 160,000 War Savings Societies at present active throughout the country to enlist in this campaign. They can show the people of America where, when and how to buy. They can teach how and when to save. They can assure a larger part of our national effort to production of necessities. They can aid to bring about increased employment and can prevent the lowering of the general standard of living in America, bound to ensue if prices of food, clothing and other necessities continue to mount or maintain their present level. In so doing, they will perform a patriotic service to themselves, their industries, their communities, and the nation."

Lewis said steps have been taken in New England already in this direction by war savings workers, who in many cases are acting as local representatives in cities, towns and villages of the federal food administration. "Active, not passive work, is demanded," Lewis points out. "Not only must each individual save rigorously and invest in conservative securities such as war savings stamps and savings certificates to provide capital for increased production of food and other necessities, but they must wage a campaign to check waste in their communities and by precept and example in buying help the country shake off its present spending intoxication."

"Firm hold must be kept on the savings accumulated during the war. Prices have been forced up by people who are spending, not from their earnings, but from their savings, thus making money cheap."

Robert E. Smith, director of the war

loan organization in the Twelfth Federal Reserve District, with headquarters in San Francisco, commending Lewis' appeal, said that the 1,100 War Savings Societies on the Pacific Coast would be asked to enlist in the campaign.

Mr. and Mrs. William Hillman have sold their home on West Acacia, and will give possession about Sept. 1. They will be the guests of Mrs. Hill-

man's father, Dr. Duncan, while deciding as to their future arrangements.

Chinese Tea Houses.

Just as England has highway taverns and as we have roadhouses along our highways so has China her tea houses. The Chinese do not indulge much in intoxicants, and tea is about the strongest drink they consume. Tea houses there are about as numerous as ice cream and soda resorts are here.

AT THE PALACE GRAND

At the Palace Grand tonight, Saturday, August 23, will be seen a seven-reel special production of Zane Grey's greatest novel, "The Lone Star Ranger." William Farnum will have the feature role. He it was, you will remember, who triumphed in Zane Grey's last two pictures, "The Riders of the Purple Sage" and "The Rainbow Trail." Don't miss this show. It's great. Bray Pictographs and Cartoons will also be shown.

For Sunday, August 24, an unusual crook play will be presented. Priscilla Dean will appear as "the Chat-terbox" in "Pretty Smooth." She was the smoothest confidence queen and the slickest jewel thief old Frisco Town had ever known. "Pretty Smooth" is a romantic crook melo-It was written specially for the star

by Bayard Veiller, author of "the Thirteenth Chair" and "Within the Law." On the same program is a two-reel comedy, "Welcome, Little Stranger."

Florence Reed is coming Monday, August 25, in her very latest new hit, "The Woman Under Oath," a powerful drama of modern New York. This is a thrilling story of the great metropolis and gives the star many opportunities to display her ability as an emotional actress. On the same bill will be seen the latest Gaumont News and a Christie Comedy, "Stop! Look!

Tuesday, August 26, the Palace Grand will present Clara Kimball Young in "The Better Wife." The story is taken from the novel entitled "The Love Quest." This is Miss Young's first picture since "Cheating Cheaters," in which she made so pronounced a hit. A Harold Lloyd Com-

edy, "Count Your Change," and Bruce Wonder Mountain pictures complete an enjoyable program.

Lovers of action of the good old western type will no doubt crowd the Palace Grand on Wednesday, August 27, to see William Desmond, the popular screen star, in his latest brand new attraction, "Bare-Fisted Gallagher." This story abounds in the romance and thrills of the Great Trails. The very latest Pathe World News and a Lyons-Moran comedy will also be shown.

Thursday, August 28, will be presented a great Paramount-Artcraft production. "The Career of Katherine Bush" is a tremendous drama of the history of a woman's soul, and is from the novel by Elinor Glyn, author of "Three Weeks" and "Why?" The story portrays a most amazing tale and has been characterized as a pulsing romance. Also Outing Chester Picture, "Melmaids," and Kinogram them.

Friday, August 29, will be the occasion of the return of Charlie Chaplin in "Shoulder Arms," and we venture to predict no one will stay away because they have seen the show once. It will be shown in connection with George Walsh in his latest comedy-drama of pep and action, "Help! Help! Police." These two can bunch
